CME INFORMATION

The University of Texas Southwestern Medical Center, the accredited sponsor, is jointly sponsoring this activity with the Association of Nigerian Physicians in the Americas.

Target Audience
This activity is designed for practicing primary care physicians, internists, cardiologists, dentists, psychiatrists, psychologists, podiatrists, nurse practitioners, physician assistants and other allied health professionals.

Purpose & Content
The purpose of the annual convention and scientific assembly is to increase the participants’ knowledge related to the challenges facing minority health care providers in the provision of clinical and therapeutic services for diseases and conditions related to oncology, dentistry, mental health, respiratory, digestive, cardiology, and virology services, global health issues in developing countries, as well as technological advances that will impact the practice of medicine.

Method
Lecture and formal discussion...
Didactic lectures and mixed presentation methodology on specific clinical topics by medical specialists and interactive audience participatory case vignettes, true/false questions and point-counter-point faculty discussions.

Objectives
At the conclusion of this activity, the participants should be able to:

1. Employ knowledge of current mental health issues and challenges in general patient care.

2. Illustrate how African health care providers need to be more educated in mental health to improve patient care and outcomes.

3. Describe current research and trends in mental health.

4. Recall treatment options and how to make basic treatment affordable to patients in resource-poor countries.

5. Employ newly acquired strategies to assist in improving basic healthcare with regard to mental health issues.

Accreditation
This activity has been planned and implemented in accordance with the Essential Areas & Policies of the Accreditation Council for Continuing Medical Education through joint sponsorship of The University of Texas Southwestern Medical Center and the Association of Nigerian Physicians in the Americas. The University of Texas Southwestern Medical Center is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation
The University of Texas Southwestern Medical Center designates this live activity for a maximum of 17 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Off Label Uses
Because this course is meant to educate physicians with what is currently in use and what may be available in the future, there may be “off-label” uses discussed in the presentations. Speakers have been requested to inform the audience when off-label use is discussed.

Disclosure
It is the policy of ACCME that participants in CME activities should be made aware of any affiliation or financial interest that may affect the speaker’s presentations. Each speaker has completed and signed a conflict of interest statement. The faculty members’ relationships will be disclosed in the handout.

Join us for ANPA's 5th Annual Golf Classic. All proceeds from this fundraising event will go to support the Association of Nigerian Physicians in the Americas (ANPA) in our effort to improve the health and well being of those in need. ANPA is a non-profit professional medical organization representing more than four thousand physicians of Nigerian descent and empathy, practicing in the United States of America, Canada and the Caribbean.

Our chapters geographically spread all over North America are actively involved delivering quality and affordable health care in all medical specialties including to underserved areas. Many of members are also involved in teaching and research. We also engage in charitable activities in our respective local communities through our local chapter membership. We are active in supporting emergency relief to those in need during disasters, as part of this initiative, ANPA, through its membership, donated over $30,000 to the Haiti Relief Fund.

Through our health missions and education activities, we collaborate with government agencies, medical institutions of learning and private organizations to develop and implement practical solutions to health problems in Nigeria. In response to an appeal by the Deans of Nigerian medical schools, the Association of Nigerian Physicians in the Americas (ANPA) secured the support of USAID, to achieve a comprehensive revision of the curricula of Nigeria’s 36 medical schools, this new curriculum is currently in a trial phase of the implementation process in some of the premier medical schools in Nigeria. Several other Nigerian stakeholders are participating in the project, including the Federal Ministry of Health (FMOH), Medical and Dental Council of Nigeria (MDCN), and the National Universities Commission (NUC).

PRESIDENT’S LETTER

Dear Colleagues and Guests,

I welcome you on the behalf of the Associations of Nigerian Physicians in the Americas (ANPA Executive Committee and Board of Directors), to our 20th scientific convention. We are indeed proud of how far we have come as an association, but we also recognize that there is work ahead to be done in order to fulfill our mission of improving healthcare in the United States and Nigeria.

This year’s faculty is rich, diverse, and international and will do very well to bring across this year’s theme: MENTAL HEALTH CHALLENGES IN CONTEMPORARY HEALTHCARE. There is a widespread stigma of mental illness in every country in the world and this makes the choice of this year’s theme very relevant to our goal of improving healthcare.

In continuation of our adjustments to our strategic approach on how we deal with improving healthcare in Nigeria, we will be having relevant stakeholders who will be with us during this convention. We welcome the Federal Minister of Health Professor Onyebyuchi Chukwu along with Dr. Bola Olowu, the Head of Diaspora affairs. The National University’s Commission is represented here by the Executive Secretary, Professor Julius Okoje along with Professor Okpere and Dr. Joshua Atah. The NUC has world class telemedicine paraphernalia in Abuja and will be partnering with ANPA to enhance medical education in Nigeria.

We have the Medical and Dental Council of Nigeria Chairman Prof. Jonathan Azubuike and registrar Dr. Abdul Ibrahim to share perspective of health care regulation in Nigeria.

The partnerships with some states in Nigeria continue to evolve and we are honored to have with us at this meeting, Dr. Segun Mimiko, Governor of Ondo State as well as the commissioners of Health of Ondo State (Dr. Dayo Adeyanju, Lagos State (Dr. Jide Idris), will be here to give us updates and explore areas of collaboration with ANPA.

We will continue our engagements of other professionals and industry players and this will be highlighted in our keynote panel session. This year, we thank Dr. Muhammad Pate, Mr. Odein Ajumogobia, Mr. George Etomi, and Mr. Hakeem Belo-Osagie.

We continue other strategic partnerships with Medical Association of Nigerians Across Great Britain (MANSAG), Nigerian Association of Pharmacists and Pharmaceutical Scientists (NAPPAS), National Association of Nigerian Nurses in North America (NANNNA), and Distinguished Nigerian Physicians of Tomorrow (DNPT).

The Nigerian embassy is being represented by Ambassador Geoffery Teneilabe, who will also update us on a Diaspora health project.

We thank Channels TV, our media partners, for providing coverage of this convention and beaming it live to Nigeria.

We are most thankful to our platinum sponsors Ecobank and Ondo State. Other top sponsors are Bank of America Merrill Lynch, Fidelity Diaspora Banking, Arik Airlines, Spectra Research Labs, Templars Law Firm, as well as DaVita, Novant Health, Western Systems Research Inc., and Admiralty Homes UK.

We are most grateful to the program committee chaired by Professor Ajovi Scott-Emuakpor and we also thank our Secretariat for serving us diligently for the past four years. Particular gratitude to Drs. Julius Kpaduwa (Past President) and Dapo Popoola for guiding the Southern California chapter through this convention. As I hand over the affairs of the association to Dr. Nkem Chukwumerije, I want to express my gratitude to the ANPA family to the support without which I would not have been able to do this job. We hope you find this convention interesting and stimulating and that you enjoy the networking with old friends, classmates, and new contacts. Please look forward to our 21st convention in Orlando, Florida next year.

Best Wishes,

Michael Etomi, MD, MPH, FASN
President and Chairman of the Board
Association of Nigerian Physicians in the Americas
Dear Distinguished ANPA Members and Friends,

ANPA Southern California membership welcomes you all to the sunshine state! You’re in for an exciting time the next few days.

If you remember ANPA started about 20 years ago and is still going strong. I want to wish ANPA a Happy Birthday this year, and congratulations to all of the ANPA Members. We gathered in Anaheim 10 years ago for our 10th anniversary. Disneyland Anaheim has been very good to us. This is where it was started, and we will take you all down memory lane.

Your participation all these years has made ANPA what it is and we should all be proud of ourselves. We have been focused on our mission and vision. However it has not been easy, but we have persisted. A few years back we took our convention to Abuja. That opened up avenues of cooperation and collaboration with various government and health care agencies in Nigeria. We have developed a rewarding relationship with our counterparts in Nigeria and the U.K. (NMA and MANSAG), and we continue to nurture those relationships. These are necessary components to achieving our vision which is “A healthier Nigeria in a Healthier World”. The world has become a global village and no single country should be left behind in the quest for a Healthier World.

However, it has not been all work this past 20 years. The Association and the Conventions have given us the platform for professional networking and family association. We have held our conventions in places that provide us with unique family interaction and fun, and this will continue for the next 20 years and beyond. May God bless us with good health and longevity, so that we will get together in this same setting in both 10 and 20 years from now to reminisce over our successes.

Please kick back, relax and fasten your seatbelts for a jolly ride.

Welcome to Southern California.
