ANPA 17th Annual Convention & Scientific Assembly

July 7-9, 2011 | Chicago, IL | Swissotel Chicago
Jointly sponsored by Howard University College of Medicine, Office of Continuing Medical Education

Final Program

Health Care Challenges in the 21st Century
CME GENERAL INFORMATION

Who Should Attend
This activity is designed for practicing primary care physicians, internists, cardiologists, dentists, psychiatrists, psychologists, podiatrists, nurse practitioners, physician assistants and other allied health professionals.

Purpose/Goal
The purpose of the annual convention and scientific assembly is to increase the participants’ knowledge related to the challenges facing minority health care providers in the provision of clinical and therapeutic services for diseases and conditions related to oncology, dentistry, mental health, respiratory, digestive, cardiology, and virology services, global health issues in developing countries, as well as technological advances that will impact the practice of medicine.

Format
Didactic lectures and mixed presentation methodology on specific clinical topics by medical specialists and interactive audience participatory case vignettes, true/false questions and point-counterpoint faculty discussions.

Program Learning Objectives
After completing this educational activity, physicians should be able to:

- Describe current healthcare challenges and their need for improved outcomes in the Nigerian healthcare system.
- Identify risk factors associated with existing women’s health issues including metabolic syndrome, cardiovascular morbidity and mortality, mental and reproductive health.
- Discuss the complexities of current childhood health issues including sickle cell disease, mental health and childhood obesity and evaluate and suggest revisions to existing practice guidelines.
- Explain the importance of improvements necessary in current global initiatives to improve children’s health and women’s maternal morbidity.
- Recognize current barriers faced in terms of pharmaceuticals, high risk areas and law enforcement as well as challenges and opportunities in conducting research in Nigeria.

Sponsor Accreditation
This activity has been planned and implemented in accordance with the Essentials and Policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of Howard University College of Medicine, Office of Continuing Medical Education, and the Association of Nigerian Physicians in the Americas (ANPA). Howard University College of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

Credits for Physicians
Howard University College of Medicine, Office of Continuing Medical Education designates this educational activity for a maximum of 19 AMA PRA Category 1 Credits™. Physicians should claim only credit commensurate with the extent of their participation in the activity.

CME Certification Registration
To receive credits, each physician must sign in daily and before leaving, complete, sign and return the Record of Attendance Form indicating the hours he/she actually spent in the activity.

Disclosure
All speakers participating in CME activities jointly sponsored by the Office of Continuing Medical Education, Howard University College of Medicine are expected to disclose to the audience any real or apparent conflict(s) of interest related to the content of their presentation(s). Full disclosure of speaker relationships will be made before or during the activity as needed. Those expecting to discuss “off label” drug usage must identify that portion of the presentation as being related to “off label” use of drugs.

Disclaimer

It is my distinct pleasure to welcome you to the 17th Annual Scientific Convention of the Association of Nigerian Physicians in the Americas (ANPA Inc.). The ANPA Annual Scientific Convention has now become a tremendously valuable activity for our members as well as other professionals who are interested in the mission of improving health care in developing countries. Our 17 year old organization represents one of the largest groups of African physicians outside Africa, and strives to provide our membership and the community at large with opportunities to contribute to improving health care in many parts of the developing world including Nigeria. ANPA members comprise physicians and dentists of various healthcare specialties in the public and private sectors across North, Central and South America. Our primary mission is to improve the health of Nigerians and Africans anywhere in the World.

We are delighted that our Program and Local Organizing Committees have put together an outstanding scientific program and a family friendly social program. The scientific theme of ‘Healthcare Challenges for the 21st Century’ will focus on identifying strategies to reduce the burden of maternal and child morbidity and mortality worldwide. This program promises relevant and interactive scientific sessions featuring exciting and accomplished speakers with real world experience tackling maternal and child health issues. Our Annual Convention has always placed the welfare of families in the forefront. This year is no exception and we hope that you will all bring your families to the meeting, to make new friends and renew old friendships between our families. In that vein, families are strongly encouraged to register and attend the ANPA picnic on Saturday afternoon on the Michigan Avenue Lakefront. We hope that you will enjoy the delightful surroundings of the recently renovated Swissotel in downtown Chicago, as well as the world renowned shops and restaurants, in and around the famous Magnificent Mile. For the first time, ANPA will host a fundraising golf tournament on Wednesday July 6th and we encourage golfers and their supporters to join us for a fun – filled afternoon to support a good cause.

We continue to do our best to raise awareness and funds to support health related projects here and overseas. During the last year we donated over $34,000 dollars to the victims of the earthquake in Haiti, and signed memoranda of understanding with the Federal Ministry of Health of Nigeria and the National Primary Healthcare Development Agency (NPHCDA) to provide technical assistance to the health sector. This has led to the creation of a joint technical committee and I am proud to report that ANPA has initiated two new projects related to Maternal and Child Health and Emergency Medical Services in Nigeria through this committee. During this period we have also submitted two grants to U.S. based development agencies and secured funding from the United States Agency for International Development (USAID) to revise the medical and dental curriculum in Nigeria in partnership with the Medical Association of Nigerian Specialists and General Practitioners in the UK, (MANSAG). ANPA also currently supports an electronic learning tool (The Virtual Patient™), which allows Nigerian medical students access to current practical information in medical specialties using a web-based platform.

We are delighted to have you as our guest and look forward to spending the next few days together. On behalf of the Executive Committee and Board of Directors, I wish you a heartfelt welcome. Enjoy your time here and we wish you Gods speed on your trip back home.

Warm Regards,

Fiemu E. Nwariaku, MD, FACS, FWACS

The President of ANPA, members of the ANPA board and executive committee, professional colleagues, friends, distinguished ladies and gentle men. It gives me great pleasure to welcome you to the City of Chicago, on behalf of the Local Organizing Committee and the larger Chicago/Northwest Indiana ANPA family. When Chicago was first selected as host for this year’s convention we were excited and happy, but were also apprehensive at the same. Excited and happy because we thought it was an opportunity to showcase our hospitality and put on a show unlike any other. We were apprehensive because we knew hosting a convention of this magnitude will require a lot of resources and commitment. Thanks to the current economic climate, sponsorship has been sparse and raising money from our committed members has not been easy.

Despite all of this, the Local Organizing Committee and the entire Chicago/Northwest Indiana chapter members have labored and contributed resources to ensure that you have a one-of-a-kind conference experience and that you will always remember Chicago 2011. Activities started yesterday with a reception and golf tournament. I want to thank Dr. Shaffdeen Amuwo, Associate Dean for Urban Health and Diversity Programs (UHD) for sponsoring last night’s reception, his UHDP staff particularly Ms. Selena Smith for its planning , and the ANPA Golf Committee for the painstaking planning that went into making the golf tournament a reality.

Chicago 2011 has many things to offer including a Picnic on the Michigan lakefront on Saturday and our Annual Gala, which promises to be a unique experience. In addition to a robust scientific program our conference venue is strategically located in the downtown area where there is easy access to the Magnificent Mile, the Lake Front, and Navy Pier. No matter what you enjoy, there will be no shortage of things to do and places to visit.

I will be remise in my welcome remarks without mentioning the loss the chapter and entire ANPA family suffered on March 14, 2010. Dr. Nurudeen Olowopopo a founding member of ANPA, a friend, colleague, and mentor to many of us went to be with God doing what he enjoyed doing most, giving his service to better the lives of others. Dr. Olowopopo served ANPA in many capacities, including our chapter as chairperson for many years. After retirement, he went to serve the Lagos State government to improve healthcare delivery and training of physicians in Nigeria. The absence of Dr. Olowopopo loomed large as we planned this convention. If he was here with us, he would have played a major role in the planning of this convention. We miss his boundless energy. The entire ANPA takes solace in the legacy of selflessness you left us with.

I would like to thank the Co-chairs and the entire membership of the Local Organizing Committee for their efforts in the planning of the conference and members of the Chicago/Northwest Indiana chapter for their altruism. Once again welcome to Chicago, the Windy City. Enjoy the best of Chicago hospitality including the best in shopping and eateries including our famous deep dish pizza. I wish you a happy, memorable, and most rewarding conference.

MESSAGE FROM THE GOVERNOR OF ILLINOIS

STATE OF ILLINOIS

OFFICE OF THE GOVERNOR

SPRINGFIELD, ILLINOIS 62706

Pat Quinn
GOVERNOR

July 6-10, 2011

Greetings!

As Governor of the State of Illinois, I am pleased to welcome everyone gathered for the Annual Convention and Scientific Assembly of the Association of Nigerian Physicians in the Americas (ANPA).

I commend the Association of Nigerian Physicians in the Americas for your dedication to representing the professional, political, and social interests of the more than 4,000 physicians, dentists and allied health professionals of Nigerian heritage practicing in the United States, Canada, and the Caribbean. Your support of your membership serves not only to advance Nigerian physicians through continuing education, but also improves the quality of healthcare services overall, and provides a forum to address the unique issues and challenges faced by your members.

ANPA’s commitment to supporting a variety of charitable causes in Chicago and across the country, as well as providing medical missions and serving on health and humanitarian projects across the globe is particularly admirable. I am certain that the variety of speakers and presentations planned for this annual meeting will greatly benefit each individual attendee and your organization collectively as you continue to pursue your worthy goals.

On behalf of the people of Illinois, I offer my best wishes for an enjoyable and productive convention.

Sincerely,

Pat Quinn
Governor
LETTER FROM THE MAYOR OF CHICAGO

July 6, 2011

RAHM EMANUEL
MAYOR

OFFICE OF THE MAYOR
CITY OF CHICAGO

Dear Friends:

As Mayor and on behalf of the City of Chicago, I offer my warmest greetings to The Association of Nigerian Physicians in the Americas (ANPA) and to all those gathered for the ANPA 17th Annual Convention and Scientific Assembly.

Established in 1996, ANPA is an organization that represents over 4,000 Nigerian born physicians, dentists and allied health professionals in the United States, Canada and the Caribbean. ANPA provides a platform for medical and scientific dialogue on health issues in the Americas and Africa. Through their mission “a healthier Nigeria in a healthier world” they have performed over 50 medical missions to Africa including Nigeria and provided medical care to over 250,000 individuals. I commend ANPA for their public outreach efforts in Chicago that include, providing free health screenings at community events and agencies, supporting and expanding Haymarket’s Thanksgiving Dinner to other locations and to include Christmas, and donating food and clothing to shelters across our great city.

On behalf of the people of Chicago, please accept my congratulations as you celebrate this important milestone and best wishes for much continued success.

Sincerely,

Mayor
MESSAGE FROM THE CONGRESSMAN

June 10, 2011

Dear Attendees:

My dear friends, welcome to Chicago! This conference, in the spirit of your organizational mission, "Healthier Nigeria in a Healthier World," July 6 through 10, 2011, is certain to be a timely and exigent discussion of the great health issues facing our community, our nation and the world at large.

The Association of Nigerian Physicians in the Americas has consistently backed up its noble mission statement with equally noble and selfless actions. Over the last 16 years ANPA has performed over 50 medical missions to Nigeria and other African countries, provided direct medical care to more than 250,000 persons, donated over $34,000 to victims of the earthquake in Haiti, provided free health screenings and health education at fairs during the African Festival of the Arts, churches and community agencies across Chicago and suburbs and has taken over the funding for the annual Thanksgiving Dinner for homeless persons hosted by the Haymarket Center.

I wish you every success in your deliberations. I hope Chicago’s long history of progressive social struggle will help create an environment conducive to your work and trust that your time here will be rewarding and productive. Please extend my best wishes to all at the conference.

Sincerely,

Danny K. Davis
Member of Congress

July 6, 2011

Greetings

As President of the Cook County Board of Commissioners and on behalf of the over 5.4 million residents of Cook County, I extend warm greetings as the members, friends and honored guests of the Association of Nigerian Physicians in the Americas (ANPA) gather together in downtown Chicago for ANPA’s 2011 Annual Convention and Scientific Assembly.

I commend ANPA for the impressive health and human services projects it has undertaken both throughout the world and in Cook County. Globally, ANPA has provided direct medical care to over 250,000 people in need; locally, ANPA has conducted free health screenings and health education programs and has made generous donations to shelters across Cook County.

In gathering to address the important challenges facing minority health care providers and in sharing state-of-the-art medicine, you advance not only the health of Nigerians in Diaspora, but the world of medicine itself.

I send my best wishes for a successful and memorable 2011 General Convention and Scientific Assembly.

Sincerely,

Toni Preckwinkle
