

PRESS RELEASE

ANPA, NANNNNA AND NAPPSA TOGETHER ON #ENDSARS PROTESTS IN NIGERIA

October 23, 2020

The Association of Nigerian Physicians in the Americas (ANPA), the Nigerian Association of Pharmacists and Pharmaceutical Scientists in the Americas (NAPPSA) and the National Association of Nigerian Nurses in North America (NANNNNA) stand with Nigerians seeking police reform in support of the wellbeing and survival of all Nigerians.

As leading Nigerian health professionals in the diaspora, we recognize the right of citizens to freely express themselves in a non-violent manner and without violent repercussions.

Our organizations stand in solidarity for the safety and health of all Nigerians and wish for recent events to come to an end with an amicable resolution that results in no more loss of lives. May all those who have already lost their lives rest in peace.

ANPA, NAPPSA and NANNNNA are committed to continue serving Nigeria as we help to ensure that Nigerians receive adequate healthcare, remain safe and prosper during these times. The growth and prosperity of our country and its people always lead our initiatives, missions and visions. Ours is a desire for peace, safety, and wellness for all Nigerians.
